

Disclaimer: Drawings produced by DANOSA UK should be considered non-scalable and for illustrative purposes only. Issued design principals form instructions for the installation of DANOSA UK materials only and should be considered as part of an overall design rather than in isolation. Product 'Technical Datasheets' are available for all DANOSA UK products and should be consulted in conjunction with all issued DANOSA UK installation instructions. Drawings are subject to copyright and should not be reproduced without permission.

Drawing Notes:

Our range of 1.8mm membranes must be chamfered using suitable tooling to ensure that full welds can be achieved at overlaps and cross joints as illustrated.

Drawing Number: DUK-S-(G)-101	Revision: 00
Date Drawn: March 2017	Author: SL

Drawing Title:
Chamfer of 1.8mm Membranes
Single Ply Membranes
